**HORICON TOWN BOARD  
REGULAR MEETING OF THE BOARD**

**NOVEMBER 16, 2011  
4:30 PM**

Pumpkin Hollow Road update: Supervisor Bentley asked Counselor Schachner for an update on Pumpkin Hollow Road. Counselor Schachner explained that he was asked by the Board if there was a way the Town could facilitate extension of power down existing Pumpkin Hollow Road as far as the Gadjo property. He said the answer to that would be that there remains a public easement on Pumpkin Hollow Road and if National Grid wants to put power in to the Gadjo property then the Town, if they wish to do so, can advise National Grid that they have no objection, but that is as far as the Town can go with that. The following Resolution was made:

**RESOLUTION NO. 144 OF 2011**

Messrs. Dooris and Olson introduced Res. No. 144 and moved its adoption, all Ayes:

**RESOLUTION TO CONTACT NATIONAL GRID**

**Privilege of the Floor:**

-Harry Balz advised the Board that there will be a seminar on Erosion Control through Warren County Soil and Water on December 6<sup>th</sup> and noted that those needing certification should attend.

-Jack Baker addressed the Board regarding whether or not the Highway crew is supposed to go any further with the Town section of Pumpkin Hollow Road which is approximately 400+/- feet. He stated that they have completed 342 feet so far but still have 147 feet to go and asked if they are supposed to finish the section so they can plow or leave it. He told the Board what they have encountered in the first 342 feet and noted they have spent about \$7,500.00 so far, not including the cost of materials, and it still needs to be top dressed; he stated it will only get worse the farther in they go. He asked again if the crew is supposed to finish the remaining 147 feet and maintain it or not. Supervisor Bentley said the Town is obligated to maintain the road to the property line. Councilman Hill pointed out that the Town is not obligated to do all the work this year, nor is there an obligation to go any further than what the Town owns. Jack Baker said it was his understanding that they had to maintain that right-of-way. Counselor Schachner pointed out that the Town does have a legal obligation to maintain the first 400+/- foot section, however, that does not mean it has to be plowed every day or paved, etc. He pointed out there is often a difference between legal obligation and a practical reality. HS Smith pointed out that there are other roads in the Town that are more heavily traveled and those are the roads the Highway Department should be maintaining. Councilman Hill suggested that with it being so late in the year the crew should top dress the 342 foot section that is done so the crew can safely maintain that portion this winter and finish the remaining 147 feet in the spring and that is it. There were no objections.

**Adjourn...** There being no further business to attend to the meeting was adjourned at 5:40PM by MOTION of Messrs. Hill and Dooris, all in favor.

Respectfully Submitted:
